

#KnowYourZoneMendo Map iPhone/iPad Instructions

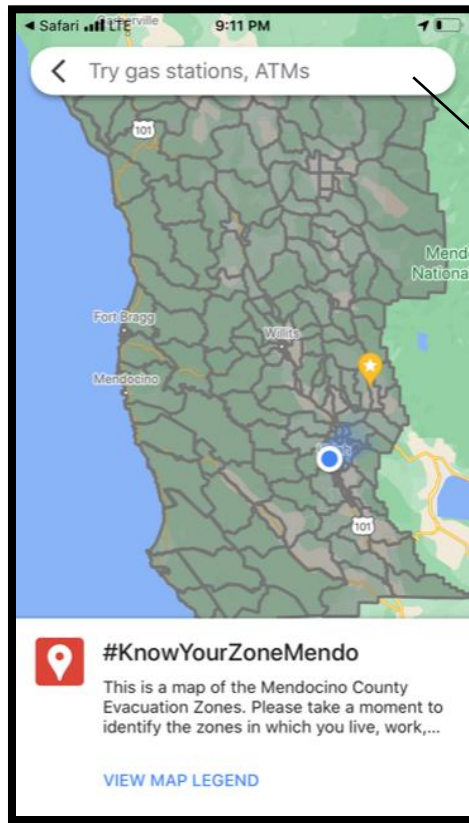

1. Go to mendoready.org

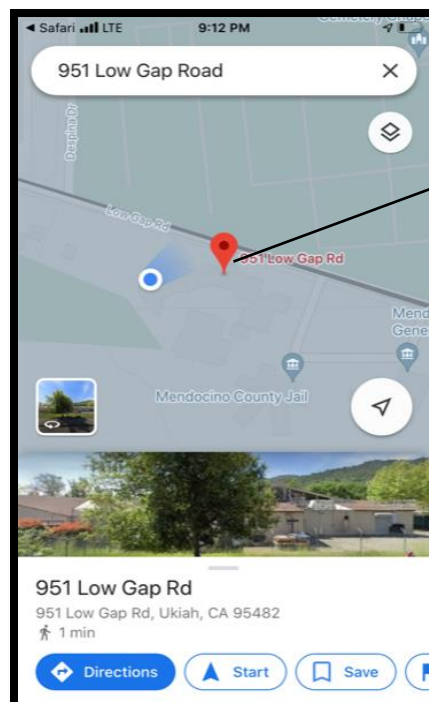

2. Click on
"[KnowYourZoneMendo.](#)"

Depending on your location, google maps should open and look similar to step 3 below:

3. Type in the address you're looking for

4. The app will zoom to the location you're searching for

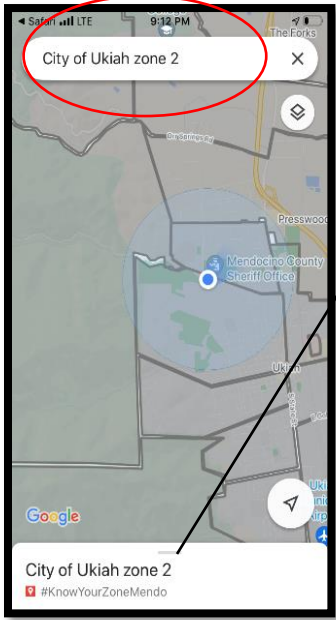

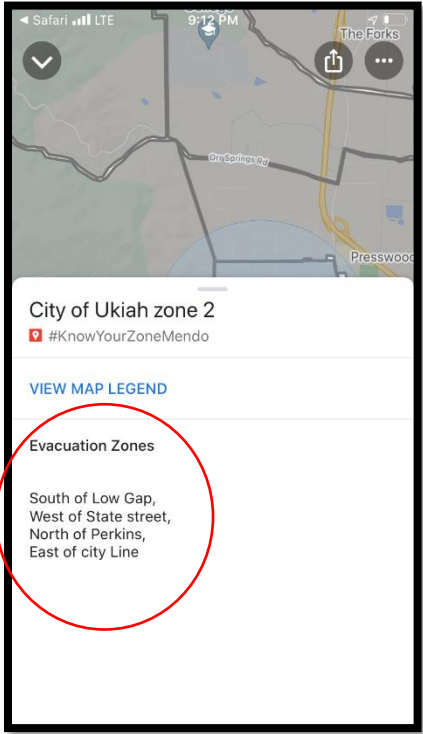

5. You may want to use two fingers in order to zoom out. You'll begin to see the zone boundaries

6. Clear the search by clicking the "x"

7. Tap the shape surrounding your address

Note: The zone name should appear in the search bar and at the bottom of your display

8. Tap the tab at the bottom of the display.

Note: The tab should rise and display the description of the zone

iPhone/iPad Tips

The functionality of the apple device may depend on the model of the device.

- If the map header is not displayed swipe up from the bottom.
- If the header is displayed at the bottom either swipe up or click on the header and the Search Icon should be displayed.
- You may need to search your address, then clear the search and click on the zone to see the zone information.
